

Spring Continental Congress of Dermatology

25-27 April 2018, Tehran, Iran

Wednesday 25 April 2018

Time	Khaje Nasir Hall (A)	Molana Hall (B)	Feyz Hall (C)	Attar Hall (D)
8.45-9.20	<p>1- Dermatology in Iran (Chairpersons: Dowlati, Handjani, Mortazavi, Reizner, Toosi)</p> <p>8.45-8.55: Hossein Mortazavi (Iran): History of dermatology in Iran</p> <p>8.55-9.05: Farhad Handjani (Iran): Dermatology in Iran: Present and future</p> <p>9.05-9.15: Alireza Firooz (Iran): Dermatologic research in Iran</p> <p>9.15-9.20: : Q & A</p>			
9.30 – 11.00	<p>2- Fillers: tips from the experts (Chairpersons: Fanian, Kassir, Mehrian)</p> <p>9.30-9.50: Martin Kassir (USA): Vascular necrosis with fillers: A dermatologic emergency</p> <p>9.50-10.10: Andreas Katsambas (Greece): Fillers: 8-point lift</p> <p>10.10-10.30: Ferial Fanian (France): Chemico-physical characteristics of the hyaluronic acid based skin fillers (Rheologic parameters)</p> <p>10.30-10.50: Pedram Mehrian</p>	<p>3- Dermatologic surgery 1 (Chairpersons: Fatemi, Ghohestani, Rateb)</p> <p>9.30-9.50: Reza Ghohestani (USA): Approach to melanocytic lesions, when to excise, when to laser?</p> <p>9.50-10.10: Amr Rateb (Egypt): Anesthesia for aesthetic face office procedures</p> <p>10.10-10.30: Afschin Fatemi (Germany): Cases of fat transfer</p>	<p>4- Dermatitis (Chairpersons: Abels, Lotti, Nassiri Kashani)</p> <p>9.30-9.45: Golar Honari (USA): Sensitive skin: Fact or fiction?</p> <p>9.45-10.00: Anthony Gaspari (USA): Immunology of contact dermatitis</p> <p>10.00-10.15: Christoph Abels (Germany); Efficacy of emulsions containing Echinacea purpurea extract in treatment of different types of pruritus</p>	<p>5- Drugs in dermatology (Chairpersons: Azori, Feldman, Dubertret)</p> <p>9.30-9.45: Huseyin Serhat Inaloz (Turkey): Off-label uses of IVIG</p> <p>9.45-10.00: Steven Feldman (USA): Practical ways to improve patients' adherence to treatment</p> <p>10.00-10.15: Laura Atzori (Italy): Drug induced lupus erythematosus</p> <p>10.15-10.30: Sharad Mutalik (India):</p>

	<p>(Iran): Facial danger zones</p> <p>10.50-11.00: Q & A</p>	<p>10.30-10.50: Marc Roscher (South Africa): Peri ocular procedures for the dermatologist</p> <p>10.50-11.00: Q & A</p>	<p>10.15-10.30: Mansour Nassiri Kashani (Iran): Allergic contact dermatitis in Iran</p> <p>10.30-10.45: Torello Lotti (Italy): Psycho-neuro-endocrine immunology for the office dermatologist</p> <p>10.45-11.00: Q & A</p>	<p>Off label uses of Acitretin</p> <p>10.30-10.45: Louis Dubertret (France): Patient based medicine: a medical revolution</p> <p>10.45-11.00: Q & A</p>
11.00 – 11.30	Break (Exhibition Halls)			
11.30 – 14.00	<p>6- Skin imaging and tele dermatology (Chairpersons: Ankad, Bahadoran, Pasquali)</p> <p>11.30-11.50: Paola Pasquali (Spain): Standardizing photographic images to improve tele dermatology results</p> <p>11.50-12.10: Sidharth Sonthalia (India): Tele dermatology & digital imaging: Know the standards, do's and don't's</p> <p>12.10-12.30: Philippe Bahadoran (France): Dermoscopy and skin imaging for the diagnosis and follow up of skin cancer (melanocytic and non- melanocytic)</p> <p>12.30-12.50: Balachandra Ankad (India): Dermoscopy of inflammatory skin diseases</p> <p>12.50-13.10: Luiz Guilherme Martins Castro (Brazil): Dermoscopy for hair and nail disorders</p>	<p>7- Esthetic complications corner (Chairpersons: Kassir, Lotti, Wiest)</p> <p>11.30-11.50: Martin Kassir (USA): Complications of lasers: How to manage?</p> <p>11.50-12.10: Lauro Atzori (Italy): Eternal youth granulomas: how histopathology can help the clinician dealing with filler reactions</p> <p>12.10-12.30: Torello Lotti (Italy): Controversial issues in cosmetic dermatology</p> <p>12.30-12.50: Luitgard Wiest (Germany): Complications of chemical peels: How to manage?</p> <p>12.50-13.10: Ashraf Badawi (Canada): Dysmorphophobia</p>	<p>8- Dermatopathology (Chairpersons: Mehregan, Mobini, Shamsi Meymandi)</p> <p>11.30-12: David Mehregan (USA): Dermatopathology potpourri: A clinicopathologic presentation (Part 1)</p> <p>12-12.30: Narciss Mobini (USA): Dermatopathology potpourri: A clinicopathologic presentation (Part 2)</p> <p>12.30-13: Ibrahim Khalifeh (Lebanon): Melanocytic & non-melanocytic mimics of melanoma: Dermatopathology teaching cases</p> <p>13-13.30: Malcolm Hayes (Canada): Interesting cutaneous hematomalymphoid lesions</p>	<p>9- Melasma and other hyperpigmentation disorders (Chairpersons: Ahmad Nasrollahi, Kasraee, Panda)</p> <p>11.30-11.50: Saumya Panda (India): Where the twain shall meet: convergence of the clinic and the aesthetics in melisma</p> <p>11.50-12.10: Behrooz Kasraee (Switzerland): Hydrogen peroxide in the presence of intracellular antioxidants mediates the first and key step of melanin synthesis: A new concept introducing melanin synthesis as a defence mechanism against oxidative stress</p> <p>12.10-12.30: Gabriel Serrano Sanmiguel (Spain): New findings about tranexamic acid in melasma</p> <p>12.30-12.50: Hamidreza Rezvani</p>

	<p>13.10-13.30: Labielle Bruno (France): Reflectance confocal microscopy (RCM) for micrographic surgery of skin tumors</p> <p>13.30-13.50: Morteza Moatamedi (England): Dermoscopy of pigmented skin lesions</p> <p>13.50-14: Q & A</p>	<p>13.10-13.30: Afschin Fatemi (Germany): Complications after lid surgeries and their treatment</p> <p>13.30-13.40: Amir H. Ehsani (Iran): Complications of fillers: How to manage?</p> <p>13.40-13.50: Behrooz Barikbin (Iran): Management of complications of PAAG filler</p> <p>13.50-14: Q & A</p>	<p>13.30-13.50: Simin Shamsi Meymandi (Iran): Clinicopathologic correlation of dry type cutaneous leishmaniasis</p> <p>13.50-14: Q & A</p>	<p>(France): Pigmentary abnormalities in nucleotide excision repair disorders</p> <p>12.50-13.10: Saman Ahmad Nasrollahi (Iran): Triple combination therapy for melisma</p> <p>13.10-13.30: Martin Kassir (USA): Microneedling: Safe & effective for melasma</p> <p>13.30-14: Q & A</p>
14.00 – 15.00	Prayer & Lunch (Shams Hall)			
15.00 – 17.30	<p>10- Lasers (Chairpersons: Badawi, Nouri, Tabatabaei)</p> <p>15-15.20: Keyvan Nouri (USA): Laser treatments for scars</p> <p>15.20-15.40: Hossein Tabatabaei (Iran): Laser and light for wound healing stimulation</p> <p>15.40-16: Ashraf Badawi (Canada): Laser assisted rejuvenation, what do we need to achieve?</p> <p>16-16.20: Reza Robati (Iran): Comparison of different lasers in skin rejuvenation</p>	<p>11- Dermatologic surgery 2 (Chairpersons: Asilian, Castro, Roscher)</p> <p>15-15.30: Luiz Guilherme Martins Castro (Brazil): PDT: An introduction</p> <p>15.30-16: Marc Roscher (South Africa): Dermatological surgery pearls from around the world</p> <p>16-16.30: Rajendrakumar Singh (South Africa): Wonder of tumescent anesthetic for various dermatological surgery cases</p> <p>16.30-17.30: Q & A</p>	<p>12- Skin infections (Chairpersons: Morrone, Raboobee, Verma)</p> <p>15-15.20: Laura Atzori (Italy): Dermatophyte infections mimicking other skin diseases (Tinea atypica),</p> <p>15.20-15.40: Anthony Gaspari (USA): Generalized verrucosis</p> <p>15.40-16: Noufal Raboobee (South Africa): Treatment of viral warts with Tuberculin antigen</p> <p>16-16.20: Aldo Morrone (Italy): Tropical neglected skin diseases: our experience around the world</p> <p>16.20-16.40: Ismaël Maatouk</p>	<p>13- Evidence based dermatology (Chairpersons: Kabiri, Tursen, Valia)</p> <p>15-15.20: Saumya Panda (India): An incipient field in an emerging country: the challenges of evidence-based practice of dermatology in India</p> <p>15.20-15.40: Umit Tursen (Turkey): Evidence-based treatment of Behçet's disease</p> <p>15.40-16: Dedee Murrell (Australia): Evidence based treatment of bullous pemphigoid</p> <p>16-16.20: Torello Lotti (Italy): Vitiligo is a systemic disease and needs always systemic approach- guide to systemic</p>

	<p>16.20-16.40: Afschin Fatemi (Germany): Why I don't use the laser in all of the liposuction cases anymore</p> <p>16.40-17: Shahriar Ghaffari (USA): New energy technology and its applications in medicine</p> <p>17-17.30: Q & A</p>		<p>(Lebanon): What's new in STIs in 2018?</p> <p>16.40-17: Shyam Verma (India): The alarming epidemic of superficial dermatophytosis in India</p> <p>17.00-17.30: Q & A</p>	<p>treatment</p> <p>16.20-16.40: Ameet Valia (India): Better medical writing</p> <p>16.40-17: Payam Kabiri (Iran): Iran Cochrane Group</p> <p>17-17.10: Mohammad Mahdi Parvizi (Iran): Highly educated and talented epidermolysis bullosa patients in Iran</p> <p>17.10-17.30: Q & A</p>
17.30-18.30	E-Posters view and discussion with presenters (Sofre Khaneh Hall)			
18.30 – 22.00	Opening Ceremony (Khaje Nasir Hall)			

Spring Continental Congress of Dermatology

25-27 April 2018, Tehran, Iran

Thursday 26 April 2018

Time	Khaje Nasir Hall (A)	Molana Hall (B)	Feyz Hall (C)	Attar Hall (D)
9.00 – 11.00	<p>14- Blistering diseases (Chairpersons: Chams-Davatchi, Joly, Murrell, Zillikens)</p> <p>9-9.20: Detlef Zillikens (Germany): New insights into diagnosis and treatment of bullous pemphigoid</p> <p>9.20-9.40: Suresh Joshipura (India): Pemphigus and herpes simplex: an interesting correlation</p> <p>9.40-10: Pascal Joly (France): An evidence based medicine argument for making rituximab a first line therapy for pemphigus</p> <p>10-10.20: Dedee Murrell (Australia): Autoimmune blistering diseases in neonates & children</p> <p>10.20-10.40: Maryam Daneshpazhooh (Iran): Pemphigus vulgaris: National guideline for rituximab therapy</p> <p>10.40-11: Q & A</p>	<p>15- Acne (Chairpersons: Balighi, Kassir, Szepletowski)</p> <p>9-9.20: Ashraf Badawi (Canada): Acne scars management: Are we doing the right thing?</p> <p>9.20-9.40: Venkataram Mysore (India): Safety of dermatosurgical procedures in patients on isotretinoin</p> <p>9.40-10: Martin Kassir (USA): Light sources for acne</p> <p>10-10.20: Jacek Szepletowski (Poland): Hidradenitis suppurativa: Current treatment options</p> <p>10.20-10.40: Kamran Balighi (Iran): Acne: Challenging cases</p> <p>10.40-11: Q & A</p>	<p>16- Skin cancers 1: Malignant melanoma (Chairpersons: Babakoochi, Khalifeh, Reizner)</p> <p>9-9.20: Shahab Babakoochi (USA): Updates in advanced and metastatic melanoma</p> <p>9.20-9.40: Ibrahim Khalifeh (Lebanon): Extended BRAF analysis for melanocytic neoplasms in Near East populations</p> <p>9.40-10: George Reizner (USA): Melanoma: A new era of options</p> <p>10-10.20: Ibrahim Khalifeh (Lebanon): Molecular framework of melanoma & their diagnostic and treatment implications</p> <p>10.20-11: Q & A</p>	<p>17- Pediatric dermatology (Chairpersons: Feldman, Inolaz, Taeib)</p> <p>9-9.20: Dedee Murrell (Australia): Anti-inflammatory agents & new topical therapies for EB</p> <p>9.20-9.40: Huseyin Serhat Inaloz (Turkey): Pediatric psoriasis</p> <p>9.40-10: Alain Taeib (France): Propranolol and hemangioma, ten years later</p> <p>10-10.20: Steven Feldman (USA): Treatment adherence in atopic dermatitis and acne</p> <p>10.20-10.40: Mohammadreza Barzegar (Iran): Some tips in pediatric dermatology</p> <p>10.40-11: Q & A</p>
11.00 – 11.30	Break (Exhibition Halls)			

11.30 –
14.00

18- What's new in dermatology? (Chairpersons: Gaspari, Kassir, Nouri, Ruzicka)

11.30-11.45: Keyvan Nouri (USA): What's new in lasers?

11.45-12: Martin Kassir (USA): What's new in microneedling?

12-12.15: Narciss Mobini (USA): What's new in dermatopathology?

12.15-12.30: Marc Roscher (South Africa): What's new in dermatologic surgery?

12.30-12.45: Abhay Satoskar (USA): What's new in leishmaniasis?

12.45-13: Anthony Gaspari (USA): What's new in metal allergy?

13-13.15: Thomas Ruzicka (Germany): What's new in dermatotherapy?

13.15-13.30: Agnes Otto (Hungary): What's new in cutaneous T cell lymphomas?

13.30-13.45: Reza Ghohestani (USA): What's new in blistering skin diseases?

19- Vitiligo (Chairpersons: Gauthier, Ghalamkarpour, Sharma)

11.30-11.45: Alain Taeib (France): Vitiligo: learning from research and international collaboration

11.45-12: Yvon Gauthier (France): Could the melanocyte adhesion impairment be responsible for initiating the auto-immune process in vitiligo skin?

12-12.15: Laila Benzekri (Morocco): A transepidermal transplantation of basal cell layer suspension using a dermarolling/dermastamp system in vitiligo: A sequential histological and clinical study

12.15-12.30: Ferial Fanian (France): Effect of phenytoin on the primitive human melanocytes: In vitro and animal study

12.30-12.45: Mehdi Rashighi (USA): Vitiligo: Immunopathogenesis and emerging treatments

12.45-13: Sharad Mutalik (India): Melanocyte keratinocyte cell transplant for stable vitiligo

13-13.15: Fariba Ghalamkarpour (Iran): Similar histological traits observed in the melanocytes in vitiligo and parietal cells in autoimmune atrophic gastritis

13.15-13.30: Vinod Kumar Sharma (India): Platelet Rich Plasma in treatment of vitiligo and other

20- Skin cancers 2: Non melanoma skin cancer (Chairpersons: Haddadi, Pasquali, Ruzicka)

11.30-11.50: Thomas Ruzicka (Germany): Basal cell carcinoma - clinical spectrum and new developments in diagnosis and treatment

11.50-12.10: Nedic Zoran (Serbia): Topical therapy of BCC

12.10-12.30: Hamidreza Rezvani (France): Oxidative stress in UV-induced skin cancer and skin aging: lesson from xeroderma pigmentosum

12.30-12.50: Luiz Guilherme Martins Castro (Brazil): Non-surgical treatments for skin cancers

12.50-13.10: Paola Pasquali (Spain): Teledermatology and skin cancer: from prevention to diagnosis

13.10-13.30: Mohammad Rizvi (Norway): Declining risk of cutaneous squamous cell carcinoma after organ transplantation

13.30-13.50: Shahriar Haddadi (Iran): Pre-surgical high

21- Women's Dermatologic Society (Chairpersons: Daneshpazhooh, Shamsi-Meymandi, Murrell, Wiest)

11.30-11.50: Dedee Murrell (Australia): History of the WDS

11.50-12.10: Simin Shamsi-Meymandi (Iran): Clinical presentation of dry type cutaneous leishmaniasis

12.10-12.30: Pegah Ceric-Dehdari (UAE): Optimizing fillers for women

12.30-12.50: Maryam Daneshpazhooh (Iran): How we manage pemphigus in pregnancy?

12.50-13.10: Martin Kassir (USA): How should men support the WDS?

13.10-13.30: Parvin Mansouri (Iran): Efficacy and safety of fractional QS NDYAG laser on eyes dark circles

13.30-13.50: Maryam Ghiasi (Iran): Psoriasis and pregnancy

13.50-14: Q & A

	13.45-14: Q & A	dermatoses 13.30-14: Q & A	frequency ultrasonography for BCC 13.50-14: Q & A	
14.00 – 15.00	Prayer & Lunch (Shams Hall)			
15.00 – 17.30	<p>22- Skin care and cosmeceuticals (Chairpersons: Ayatollahi, Honari, Kassir)</p> <p>15-15.20: Golar Honari (USA): Preservatives in skin care</p> <p>15.20-15.40: Martin Kassir (USA): Natural active ingredients</p> <p>15.40-16: Belma Tursten (Turkey): Water and dermatology</p> <p>16-16.20: Azin Ayatollahi (Iran): Cosmetic procedures in sensitive skin</p> <p>16.20-16.40: Mazen Raydan (Lebanon): 5 nm hyaluronic acid ionized with minerals as novel method of delivery of essential microelements across skin barrier, minerals balance and their impact on skin health, immunity and appearance</p> <p>16.40-17: Hesham Moneer</p>	<p>23- Skin Inflammation & Psoriasis International Network (SPIN) (Chairpersons: Dubertret, Shahidi Dadras, Zargari)</p> <p>15-15.15: Nejib Doss (Tunisia): Nail psoriasis</p> <p>15.15-15.30: Louis Dubertret (France): Management of atopic dermatitis in adults</p> <p>15.30-15.45: Jacek Szepietowski (Poland): Management of pruritus in psoriasis and atopic dermatitis</p> <p>15.45-16: Alexandre V. Mezentsev (Russia): The potential benefits of shRNA mediated MMP1 silencing for psoriasis</p> <p>16-16.15: Fahimeh Abdollahi Majd (Iran): Angiotensin converting enzyme and subclinical atherosclerosis in psoriasis: Is there any association?</p> <p>16.15-16.30: Nasim Niknejad (Iran): The correlation between NTpro BNP and subclinical atherosclerosis in patients with psoriasis</p> <p>16.30-16.45: Omid Zargari (Iran): Psoriasis: practical pearls</p> <p>16.45-17: Nader Zarrinpur (Iran): New developments in biologic therapy for psoriasis</p>	<p>24- Skin cancers 3: Other tumors (Chairpersons: Bagot, Moll, Pirzada)</p> <p>15-15.30: Syed Mansoor Pirzada (Canada): Mycosis fungoides: A wolf in sheep's clothing</p> <p>15.30-16: Martine Bagot (France): Future management of cutaneous T cell lymphomas</p> <p>16-16.30: Ingrid Moll (Germany): Pathogenesis and management of Merkel cell carcinoma – What is new?</p> <p>16.30-17: Q & A</p>	<p>25- Free communications 1 (Chairpersons: Esmaili, Jowkar, Maleki, Sadeghian, Yaghoobi)</p> <p>15-15.15: Nouredine Litaïem (Tunisia): Clinical, dermoscopic and treatment profile of onychomycosis in Tunisia</p> <p>15.15-15.30: Bashir Barakzaie (Aghanistan): A case series study of cutaneous anthrax in Dermatology Department, Herat Regional Hospital, Herat City Afghanistan, Feb 2014 - October 2017</p> <p>15.30-15.45: Seyd Naser Emadi (Iran): Skin manifestation in HIV/AIDS in Kenya</p> <p>15.45-16: Seyed Ehsan Asadi (Iran): Management of acute bacterial skin and skin structure infections with a focus on patients at high risk of treatment failure.</p> <p>16-16.15: Shima Jahani (Iran): Circular RNAs a new biomarker for diagnosing nonmelanoma skin cancer</p> <p>16.15-16.30: Mohammadreza Ghassemi (Iran): The evaluation of GGC and CAG repeat lengths on the androgen receptor gene in Iranian men with and without androgenetic alopecia</p> <p>16.30-16.45: Sahar Dadkhahfar (Iran): Ocular findings in patients with lichenplanopilaris</p> <p>16.45-17: Fatemeh Rajabi (Iran): Macrophage migration inhibitory factor gene polymorphism in alopecia areata possible role in disease</p>

	<p>Ahmad (UAE): Effect of topical tretinoin on photoaged facial skin: histometric, immunohistochemical and ultrastructural study</p> <p>17-17.30: Q & A</p>	<p>17-17.15: Ahmad Jalili (Switzerland): IL-23 blockers in psoriasis therapy: blockbusters are coming</p> <p>17.15-17.30: Q & A</p>		<p>prevention</p> <p>17-17.15: Keyvan Sedaghat (Iran): Lactococcus emulsion improves the skin barrier function</p> <p>17.15-17.30: Simon Lamquin (France): A novel non-contact adipocyte-selective RF improves body contouring</p> <p>17.30-17.40: Q & A</p>
--	---	---	--	--

Spring Continental Congress of Dermatology

25-27 April 2018, Tehran, Iran

Friday 27 April 2018

Time	Khaje Nasir Hall (A)	Molana Hall (B)	Feyz Hall (C)	Attar Hall (D)
9.00 – 11.00	<p>26- Botulinum toxins: Tips from the experts (Chairpersons: Katsambas, Shiri, Wiest)</p> <p>9-9.20: Luitgard Wiest (Germany): Tips for the upper face</p> <p>9.20-9.40: Andreas Katsambas (Greece): Botulinum toxin-A: mid and lower face</p> <p>9.40-9.55: Mehdi Shiri (Iran): Immunogenicity to botulinum neurotoxins: long term clinical relevance in aesthetic and therapeutic injections</p> <p>9.55-10: Q & A</p>	<p>28- Skin rejuvenation (Chairpersons: Ceric-Dehdari, Firooz, Inolaz)</p> <p>9-9.20: Huseyin Serhat Inaloz (Turkey): The advantageous uses of growth factors & skin stamp in cosmetology</p> <p>9.20-9.40: Pegah Ceric-Dehdari (UAE): Safe and natural rejuvenation of the aging face</p> <p>9.40-10: Alireza Firooz (Iran): Evaluation of the safety and efficacy of high intensity focused ultrasound (HIFU) for skin rejuvenation of face and neck: A systematic review</p> <p>10-10.20: Ishad Aggarwal (India): LOFARCUT protocol: Lower facial remodeling with combination therapy of ultrasound [high intensity focused ultrasound -HIFU] and botulinum toxin – A pilot study in Indian patients with masseter hypertrophy and facial adiposity</p> <p>10.20-10.40: Samad Rezaeekhiabanloo (Iran): Outcomes in thread lift of head and neck with Silhouette Soft and Proma Happy Lift double needle: Innovative and classic techniques</p> <p>10.40-10.55: Susanne Hermann-Fruhwald (Germany): Percutaneous collagen induction therapy as one tool for facial rejuvenation in facial plastic surgery</p> <p>10.55-11: Q & A</p>	<p>29- Free communications 2 (Chairpersons: Namazi, Nilforoushzadeh, Salimi)</p> <p>9-9.20: Mohammad Namazi (Iran): The novel use of the extensively mobilized island pedicle flap pexed to the nasal bone periosteum for reconstruction of the medial upper cheek lower eyelid defects</p> <p>9.20-9.40: Elias Salimi (Iran): Delay skin flap</p> <p>9.40-10: Behzad Iranmanesh (Iran): Blunt Cannula subcision is more effective for acne scars than Nokor needle subcision</p> <p>10-10.20: Samaneh Mozafarpour (Iran): Micropunch blepharopeeling versus blepharoplasty what is the best procedure for upper eyelid rejuvenation</p> <p>10.20-10.40: Biplav Agarwal (India): Maturational Hyperpigmentation [MH]: A newly recognized cutaneous marker of metabolic syndrome</p> <p>10.40-10.55: Rajendrakumar Singh (South Africa): Laser liposuction</p>	<p>30- Free communications 3 (Chairpersons: Darjani, Mashayekhi, Robati, Sobhan)</p> <p>9-9.20: Ankur Sarin (India): Low dose Rituximab in treatment of pemphigus vulgaris patients</p> <p>9.20-9.40: Fatemeh Rajabi (Iran): Electrocardiographic changes after high dose corticosteroid pulse therapy in pemphigus patients</p> <p>9.40-10: Ashraf Kariman (Germany): Influence of Myrtus communis extracts on the keratinocytes barrier</p> <p>10-10.20: Hesham Moneer Ahmad (UAE): Future medications for moderate to severe atopic dermatitis</p> <p>10.20-10.40: Atula Gupta (India): Role of contact allergy in patient with chronic urticaria, detected by patch testing, correlation with serum IgE levels and quantitative therapeutic outcome of allergen-avoidance</p> <p>10.40-10.55: Mahajabeen Madakar (India): Comparative study of safety and efficacy of oral betamethasone pulse therapy and azathioprine in vitiligo</p> <p>10.55-11: Q & A</p>
	<p>27- War related dermatology (Chairpersons: Davoudi, Emadi, Morrone)</p> <p>10-10.15: Aldo Morrone (Italy): Skin diseases in Human Mobile Population: our experience in war areas</p> <p>10.15-10.30: Syed Naser Emadi (Iran): Late cutaneous manifestations 30 years after wartime exposure to sulfur mustard gas: A long-term investigation</p>			

	<p>10.30-10.45: Seyyed Masoud Davoudi (Iran): Skin problems of amputees</p> <p>10.45-10.55: Nayere Askari (Iran): Immunologic responses in sulfur mustard victims</p> <p>10.55-11: Q & A</p>		10-55-11: Q & A	
11.00 – 11.30	Break (Exhibition Halls)			
11.30 – 14.30	<p>31- Leishmaniasis (Chairpersons: Moulton, Karbwang, Gouya)</p> <p>11.30-11.50: Mohammad Mehdi Gouya (Iran): Leishmaniasis in Iran and challenges in its management</p> <p>11.50-12.10: Larry Moulton: (USA): Cluster randomized trials for leishmaniasis control</p> <p>12.10-12.30: Abhay Satoskar (USA): Host directed therapies for leishmaniasis, A live attenuated vaccine for leishmaniasis,</p> <p>12.30-12.50: Farrokh Modabber (Switzerland/Iran): Overview of leishmaniasis vaccine development</p> <p>12.50-13.10: Ibrahim Khalifeh (Lebanon): Cutaneous leishmaniasis: a story to tell</p> <p>13.10-13.30: Ali Khamesipour (Iran): Efficacy of combination of topical liposomal amphotericin B and meglumine antimoniate in comparison with meglumine antimoniate alone for the treatment of anthroponotic cutaneous leishmaniasis caused by <i>Leishmania tropica</i></p>	<p>32- Disorders of hair and nail (Chairpersons: Abbasi, Doss, Heneke)</p> <p>11.30-11.50: Alexandre Guichard (France): Chemotherapy-induced alopecia, state of the art</p> <p>11.50-12.10: Balachandra Ankad (India): Trichoscopy of cicatricial alopecia</p> <p>12.10-12.30: Ali Abbasi (Iran): Scarring alopecia mimicking androgenetic alopecia</p> <p>12.30-12.50: Venkataram Mysore (India): Hair restoration-what works, what does not.</p> <p>12.50-13.10: Amr Rateb (Egypt): Prosthetic hair fibers: is there a role? Twenty years' experience with artificial hair insertion for the treatment of alopecia</p> <p>13.10-13.30: Eckart Haneke (Switzerland): Management of nail melanoma</p>	<p>33- Skin and systemic diseases (Chairpersons: Kibbi, Verma, Zhang)</p> <p>11.30-12: Abdul Ghani Kibbi (Lebanon): The year in summary – challenging cases</p> <p>12-12.30: Pooya Khan Mohammad Beigi (Canada): Updates on acrodermatitis enteropathica</p> <p>12.30-13: Jianzhong Zhang (China): Cutaneous graft versus host disease: an update</p> <p>13-13.30: Siamak Moghadam-Kia (USA): Anti-MDA5 auto-antibody: Clinical spectrum in patients with dermatomyositis in North America</p> <p>13.30-14: Shyam Verma (India): Facial acanthosis nigricans and its metabolic implications in dark skinned persons</p> <p>14-14.30: Q & A</p>	<p>34- Free communications 4 (Chairpersons: Behrang, Ghiasi, Khodaeiani, Mohammadi)</p> <p>11.30-11.50: Haider Alsabak (Iraq): Treatment of resistant acral vitiligo with fractional Erbium YAG laser</p> <p>11.50-12.10: Muhsin Aldhalimi (Iraq): Treatment of alopecia areata with Er.YAG laser</p> <p>12.10-12.30: Tanja Planinšek Ručigaj (Slovenia): Results of genetic investigations of patients with primary lymphoedema in Slovenia</p> <p>12.30-12.50: Hadaf Aljunaiyeh (Iraq): An overview of prevalent female genital dermatoses in Nasiriya</p> <p>12.50-13.10: Nooshafarin Kazemi khoo (Iran): Comparison the effects of low level laser therapy and split thickness skin grafting in children with grade 2b and 3 burn ulcer: A randomized clinical trial.</p> <p>13.10-13.30: Sahar Dadkhahfar (Iran): Efficacy and safety of long pulse Nd YAG laser versus fractional Er YAG laser in the treatment of facial skin wrinkles</p> <p>13.30-13.50: Zeinab Fazel (Iran): Evaluation of normal flora of the axilla before and after using hair removal laser: A clinical trial</p>

	<p>13.30-13.50: Ali M. Harandi (Sweden): Molecular signatures of human vaccines in humans and animal models</p> <p>13.50-14.10: Ibrahim Khalifeh (Lebanon): Cutaneous leishmaniasis in Lebanon: Effect of Imiquimod & its derivative EAPB0503</p> <p>14.10-14.30: Q & A</p>	<p>13.30-13.50: Nejib Doss (Tunisia): Onychomycoses: Clinical features and management</p> <p>13.50-14.10: Balachandra Ankad (India): Onychoscopy of inflammatory nail diseases</p> <p>14.10-14.30: Q & A</p>		<p>13.50-14.10: Mohamad Goldust (Iran): Efficacy of oral tranexamic acid plus low power fractional CO₂ laser versus oral tranexamic acid plus Q switch laser for treatment of melasma: Randomized, controlled, split face study</p> <p>14.10-14.30: Q & A</p>
<p>14.30 – 15.00</p>	<p>Prayer & Lunch (Shams Hall)</p>
