

## Spring Continental Congress of Dermatology

25-27 April 2018, Tehran, Iran

Wednesday 25 April 2018

Time	Khaje Nasir Hall (A)	Molana Hall (B)	Feyz Hall (C)	Attar Hall (D)
9.00 – 11.00	<p><b>1- Dermatology in Iran</b> (Chairpersons: Dowlati, Handjani, Mortazavi, Reizner, Toosi)</p> <p>Hossein Mortazavi (Iran): History of dermatology in Iran Farhad Handjani (Iran): Dermatology in Iran: Present and future Alireza Firooz (Iran): Dermatologic research in Iran Mohammad Mahdi Parvizi (Iran): Highly educated and talented epidermolysis bullosa patients in Iran</p> <p><b>2- Fillers: tips from the experts</b> (Chairpersons: Fanian, Kassir, Katsambas)</p> <p>Martin Kassir (USA): Vascular necrosis with fillers: A dermatologic emergency Andreas Katsambas (Greece): Fillers: 8-point lift Ferial Fanian (France): Chemico-physical characteristics of the hyaluronic acid based skin fillers (Rheologic parameters) Pedram Mehrian (Iran): Facial danger zones</p>	<p><b>3- Dermatologic surgery 1</b> (Chairpersons: Fatemi, Field, Rateb)</p> <p>Reza Ghohestani (USA): Approach to melanocytic lesions, when to excise, when to laser?</p> <p>Lawrence M Field (USA): The development and applications of surgical tumescent &amp; bi-level surgical tumescent anesthesia: A personal voyage</p> <p>Evolution of an international dermatologic surgery teaching program and establishment of the world's first ACGME-compliant surgical fellowships - A template for all specialties</p> <p>Amr Rateb (Egypt): Anaesthesia for aesthetic face office procedures</p> <p>Afschin Fatemi (Germany): Cases of fat transfer</p> <p>Marc Roscher (South Africa): Peri ocular procedures for the dermatologist</p>	<p><b>4- Dermatitis (Chairpersons: Abels, Lotti, Nassiri Kashani)</b></p> <p>Golara Honari (USA): Sensitive skin: Fact or fiction?</p> <p>Anthony Gaspari (USA): Immunology of contact dermatitis</p> <p>Christoph Abels (Germany); Efficacy of emulsions containing Echinacea purpurea extract in treatment of different types of pruritus</p> <p>Mansour Nassiri Kashani (Iran): Allergic contact dermatitis in Iran</p> <p>Torello Lotti (Italy): Psycho-neuro-endocrine immunology for the office dermatologist</p>	<p><b>5- Drugs in dermatology</b> (Chairpersons: Azori, Feldman, Dubertret)</p> <p>Robert A. Schwartz (USA): Life-threatening drug eruptions</p> <p>Huseyin Serhat Inaloz (Turkey): Off-label uses of IVIG</p> <p>Steve Feldman (USA): Practical ways to improve patients' adherence to treatment</p> <p>Laura Atzori (Italy): Drug induced lupus erythematosus</p> <p>Sharad Mutalik (India): Off label uses of Acitretin</p> <p>Louis Dubertret (France): Patient based medicine: a medical revolution</p>

11.00 – 11.30	Break			
11.30 – 14.00	<p><b>6- Skin imaging and teledermatology (Chairpersons: Ankad, Bahadoran, Pasquali)</b></p> <p>Paola Pasquali (Spain): Standardizing photographic images to improve teledermatology results</p> <p>Sidharth Sonthalia (India): Teledermatology &amp; digital imaging: Know the standards, do's and don't's</p> <p>Philippe Bahadoran (France): Dermoscopy and skin imaging for the diagnosis and follow up of skin cancer (melanocytic and non-melanocytic)</p> <p>Balachandra Ankad (India): Dermoscopy of inflammatory skin diseases</p> <p>Luiz Guilherme Martins Castro (Brazil): Dermoscopy for hair and nail disorders</p> <p>Labielle Bruno (France): Reflectance confocal microscopy (RCM) for micrographic surgery of skin tumors</p> <p>Morteza Moatamedi (England): Dermoscopy of pigmented skin lesions</p>	<p><b>7- Esthetic complications corner (Chairpersons: Kassir, Lotti, Wiest)</b></p> <p>Martin Kassir (USA): Complications of lasers: How to manage?</p> <p>Lauro Atzori (Italy): Eternal youth granulomas: how histopathology can help the clinician dealing with filler reactions</p> <p>Torello Lotti (Italy): Controversial issues in cosmetic dermatology</p> <p>Luitgard Wiest (Germany): Complications of chemical peels: How to manage?</p> <p>Ashraf Badawi (Canada): Dysmorphophobia</p> <p>Afschin Fatemi (Germany): Complications after lid surgeries and their treatment</p> <p>Amir H. Ehsani (Iran): Complications of fillers: How to manage?</p> <p>Behrooz Barikbin (Iran): Management of complications of PAAG filler</p>	<p><b>8- Dermatopathology (Chairpersons: Mehregan, Mobini, Shamsi Meymandi)</b></p> <p>David Mehregan (USA): Dermatopathology potpourri: A clinicopathologic presentation (Part 1)</p> <p>Narciss Mobini (USA): Dermatopathology potpourri: A clinicopathologic presentation (Part 2)</p> <p>Ibrahim Khalifeh (Lebanon): Melanocytic &amp; non-melanocytic mimics of melanoma: Dermatopathology teaching cases</p> <p>Malcolm Hayes (Canada): Interesting cutaneous hematomalymphoid lesions</p> <p>Simin Shamsi Meymandi (Iran): Clinicopathologic correlation of dry type cutaneous leishmaniasis</p>	<p><b>9- Melasma and other hyperpigmentation disorders (Chairpersons: Ahmad Nasrollahi, Kasraee, Panda)</b></p> <p>Saumya Panda (India): Where the twain shall meet: convergence of the clinic and the aesthetics in melisma</p> <p>Behrooz Kasraee (Switzerland): Hydrogen peroxide in the presence of intracellular antioxidants mediates the first and key step of melanin synthesis: A new concept introducing melanin synthesis as a defence mechanism against oxidative stress</p> <p>Gabriel Serrano Sanmiguel (Spain): New findings about tranexamic acid in melasma</p> <p>Hamidreza Rezvani (France): Pigmentary abnormalities in nucleotide excision repair disorders</p> <p>Saman Ahmad Nasrollahi (Iran): Triple combination therapy for melisma</p> <p>Martin Kassir (USA): Microneedling: Safe &amp; effective for melasma</p>

14.00 – 15.00	<b>Prayer &amp; Lunch</b>			
15.00 – 17.00	<p><b>10- Lasers (Chairpersons: Badawi, Nouri, Tabatabaei)</b></p> <p>Keyvan Nouri (USA): Laser treatments for scars</p> <p>Hossein Tabatabaei (Iran): Laser and light for wound healing stimulation</p> <p>Ashraf Badawi (Canada): Laser assisted rejuvenation, what do we need to achieve?</p> <p>Reza Robati (Iran): Comparison of different lasers in skin rejuvenation</p> <p>Afschin Fatemi (Germany): Why I don't use the laser in all of the liposuction cases anymore</p> <p>Shahriar Ghaffari (USA): New energy technology and its applications in medicine</p>	<p><b>11- Dermatologic surgery 2 (Chairpersons: Asilian, Castro, Roscher)</b></p> <p>Lawrence M Field (USA): The submental space and cervico-mental angle – A dermatologic surgeon's half-century of exponential exploration</p> <p>Luiz Guilherme Martins Castro (Brazil): PDT: An introduction</p> <p>Marc Roscher (South Africa): Dermatological surgery pearls from around the world</p> <p>Rajendrakumar Singh (South Africa): Wonder of tumescent anesthetic for various dermatological surgery cases</p>	<p><b>12- Skin infections (Chairpersons: Morrone, Raboobee, Tyring)</b></p> <p>Laura Atzori (Italy): Dermatophyte infections mimicking other skin diseases (Tinea atypica),</p> <p>Anthony Gaspari (USA): Generalized verrucosis</p> <p>Noufal Raboobee (South Africa): Treatment of viral warts with Tuberculin antigen</p> <p>Aldo Morrone (Italy): Tropical neglected skin diseases: our experience around the world</p> <p>Stephen Tyring (USA): Emerging infectious diseases</p> <p>Ismaël Maatouk (Lebanon): What's new in STIs in 2018?</p> <p>Mihael Skerlev (Croatia): HPV, men and vaccine from the global perspective</p> <p>Shyam Verma (India): The alarming epidemic of superficial dermatophytosis in India</p>	<p><b>13- Evidence based dermatology (Chairpersons: Kabiri, Tursen, Valia)</b></p> <p>Saumya Panda (India): An incipient field in an emerging country: the challenges of evidence-based practice of dermatology in India</p> <p>Umit Tursen (Turkey): Evidence-based treatment of Behçet's disease</p> <p>Dedee Murrell (Australia): Evidence based treatment of bullous pemphigoid</p> <p>Torello Lotti (Italy): Vitiligo is a systemic disease and needs always systemic approach- guide to systemic treatment</p> <p>Ameet Valia (India): Better medical writing</p> <p>Payam Kabiri (Iran): Iran Cochrane Group</p>
18.30 – 22.00	<b>Opening ceremony</b>			

## Spring Continental Congress of Dermatology

25-27 April 2018, Tehran, Iran

Thursday 26 April 2018

Time	Khaje Nasir Hall (A)	Molana Hall (B)	Feyz Hall (C)	Attar Hall (D)
9.00 – 11.00	<p><b>14- Blistering diseases (Chairpersons: Chams-Davatchi, Joly, Murrell, Zillikens)</b></p> <p>Detlef Zillikens (Germany): New insights into diagnosis and treatment of bullous pemphigoid</p> <p>Suresh Joshipura (India): Pemphigus and herpes simplex: an interesting correlation</p> <p>Pascal Joly (France): An evidence based medicine argument for making rituximab a first line therapy for pemphigus</p> <p>Dedee Murrell (Australia): Autoimmune blistering diseases in neonates &amp; children</p> <p>Maryam Daneshpazhooh (Iran): Pemphigus vulgaris: National guideline for rituximab therapy</p>	<p><b>15- Acne (Chairpersons: Balighi, Katsambas, Szepietowski)</b></p> <p>Andreas Katsambas (Greece): Acne scarring: What to do?</p> <p>Ashraf Badawi (Canada): Acne scars management: Are we doing the right thing?</p> <p>Venkataram Mysore (India): Safety of dermatosurgical procedures in patients on isotretinoin</p> <p>Martin Kassir (USA): Light sources for acne</p> <p>Jacek Szepietowski (Poland): Hidradenitis suppurativa: Current treatment options</p> <p>Kamran Balighi (Iran): Acne: Challenging cases</p>	<p><b>16- Skin cancers 1: Malignant melanoma (Chairpersons: Babakoohi, Khalifeh, Reizner)</b></p> <p>Shahab Babakoohi (USA): Updates in advanced and metastatic melanoma</p> <p>Ibrahim Khalifeh (Lebanon): Extended BRAF analysis for melanocytic neoplasms in Near East populations</p> <p>George Reizner (USA): Melanoma: A new era of options</p> <p>Ibrahim Khalifeh (Lebanon): Molecular framework of melanoma &amp; their diagnostic and treatment implications</p>	<p><b>17- Pediatric dermatology (Chairpersons: Farajzadeh, Murrell, Taeib)</b></p> <p>Huseyin Serhat Inaloz (Turkey): Pediatric psoriasis</p> <p>Dedee Murrell (Australia): Anti-inflammatory agents &amp; new topical therapies for EB</p> <p>Alain Taeib (France): Propranolol and hemangioma, ten years later</p> <p>Saeedeh Farajzadeh (Iran): Treatment of vitiligo in children</p> <p>Mohammadreza Barzegar (Iran): Some tips in pediatric dermatology</p>

11.00 – 11.30	Break			
11.30 – 14.00	<p><b>18- What's new in dermatology? (Chairpersons: Gaspari, Kassir, Nouri, Ruzicka)</b></p> <p>Keyvan Nouri (USA): What's new in lasers?</p> <p>Martin Kassir (USA): What's new in microneedling?</p> <p>Narciss Mobini (USA): What's new in dermatopathology?</p> <p>Marc Roscher (South Africa): What's new in dermatologic surgery?</p> <p>Abhay Satoskar (USA): What's new in leishmaniasis?</p> <p>Anthony Gaspari (USA): What's new in metal allergy?</p> <p>Thomas Ruzicka (Germany): What's new in dermatotherapy?</p> <p>Agnes Otto (Hungary): What's new in cutaneous T cell lymphomas?</p>	<p><b>19- Vitiligo (Chairpersons: Gauthier, Ghalamkarpour, Sharma)</b></p> <p>Alain Taeib (France): Vitiligo: learning from research and international collaboration</p> <p>Yvon Gauthier (France): Could the melanocyte adhesion impairment be responsible for initiating the auto-immune process in vitiligo skin?</p> <p>Laila Benzekri (Morocco): A transepidermal transplantation of basal cell layer suspension using a dermarolling/dermastamp system in vitiligo: A sequential histological and clinical study</p> <p>Ferial Fanian (France): Effect of phenytoin on the primitive human melanocytes: In vitro and animal study</p> <p>Mehdi Rashighi (USA): Vitiligo: Immunopathogenesis and emerging treatments</p> <p>Sharad Mutalik (India): Melanocyte keratinocyte cell transplant for stable vitiligo</p> <p>Fariba Ghalamkarpour (Iran): Similar histological traits observed in the melanocytes in vitiligo and parietal cells in autoimmune atrophic gastritis</p> <p>Vinod Kumar Sharma (India): Platelet Rich Plasma in treatment of vitiligo and other dermatoses</p>	<p><b>20- Skin cancers 2: Non melanoma skin cancer (Chairpersons: Haddadi, Pasquali, Ruzicka)</b></p> <p>Thomas Ruzicka (Germany): Basal cell carcinoma - clinical spectrum and new developments in diagnosis and treatment</p> <p>Nedic Zoran (Serbia): Topical therapy of BCC</p> <p>Hamidreza Rezvani (France): Oxidative stress in UV-induced skin cancer and skin aging: lesson from xeroderma pigmentosum</p> <p>Luiz Guilherme Martins Castro (Brazil): Non-surgical treatments for skin cancers</p> <p>Paola Pasquali (Spain): Tele dermatology and skin cancer: from prevention to diagnosis</p> <p>Mohammad Rizvi (Norway): Declining risk of cutaneous squamous cell carcinoma after organ transplantation</p> <p>Shahriar Haddadi (Iran): Pre-surgical high frequency ultrasonography for BCC</p>	<p><b>21- Women's Dermatologic Society (Chairpersons: Daneshpazhooh, Shamsi-Meymandi, Murrell, Wiest)</b></p> <p>Dedee Murrell (Australia): History of the WDS</p> <p>Simin Shamsi-Meymandi (Iran): Clinical presentation of dry type cutaneous leishmaniasis</p> <p>Pegah Ceric-Dehdari (UAE): Optimizing fillers for women</p> <p>Maryam Daneshpazhooh (Iran): How we manage pemphigus in pregnancy?</p> <p>Martin Kassir (USA): How should men support the WDS?</p> <p>Parvin Mansouri (Iran): Efficacy and safety of fractional QS NDYAG laser on eyes dark circles</p> <p>Maryam Ghiasi (Iran): Psoriasis and pregnancy</p>

14.00 – 15.00	Prayer & Lunch			
15.00 – 17.00	<p><b>22- Skin care and cosmeceuticals (Chairpersons: Ayatollahi, Honari, Kassir)</b></p> <p>Golara Honari (USA): Preservatives in skin care</p> <p>Martin Kassir (USA): Natural active ingredients</p> <p>Belma Tursen (Turkey): Water and dermatology</p> <p>Azin Ayatollahi (Iran): Cosmetic procedures in sensitive skin</p> <p>Mazen Raydan (Lebanon): 5 nm hyaluronic acid ionized with minerals as novel method of delivery of essential microelements across skin barrier, minerals balance and their impact on skin health, immunity and appearance</p> <p>Hesham Moneer Ahmad (UAE): Effect of topical tretinoin on photoaged facial skin: histometric, immunohistochemical and ultrastructural study</p>	<p><b>23- Skin Inflammation &amp; Psoriasis International Network (SPIN) (Chairpersons: Dubertret, Shahidi Dadras, Zargari)</b></p> <p>Nejib Doss (Tunisia): Nail psoriasis</p> <p>Louis Dubertret (France): Management of atopic dermatitis in adults</p> <p>Jacek Szepietowski (Poland): Management of pruritus in psoriasis and atopic dermatitis</p> <p>Alexandre V. Mezentsev (Russia): The potential benefits of shRNA mediated MMP1 silencing for psoriasis</p> <p>Fahimeh Abdollahi Majd (Iran): Angiotensin converting enzyme and subclinical atherosclerosis in psoriasis: Is there any association?</p> <p>Nasim Niknejad (Iran): The correlation between NTpro BNP and subclinical atherosclerosis in patients with psoriasis</p> <p>Miroslav Dinic (Yugoslavia): Palmoplantar pustulosis: Ten years' experience of a single center 2007-2017</p> <p>Omid Zargari (Iran): Psoriasis: practical pearls</p> <p>Nader Zarrinpur (Iran): New developments in biologic therapy for psoriasis</p> <p>Ahmad Jalili (Switzerland): IL-23 blockers in psoriasis therapy: blockbusters are coming</p>	<p><b>24- Skin cancers 3: Other tumors (Chairpersons: Bagot, Moll, Schwartz)</b></p> <p>Syed Mansoor Pirzada (Canada): Mycosis fungoides: A wolf in sheep's clothing</p> <p>Martine Bagot (France): Future management of cutaneous T cell lymphomas</p> <p>Robert A. Schwartz (USA): Kaposi's sarcoma</p> <p>Ingrid Moll (Germany): Pathogenesis and management of Merkel cell carcinoma – What is new?</p>	<p><b>25- Free communications 1 (Chairpersons: Esmaili, Jowkar, Maleki, Sadeghian, Yaghoobi)</b></p> <p>Noureddine Litaïem (Tunisia): Clinical, dermoscopic and treatment profile of onychomycosis in Tunisia</p> <p>Bashir Barakzaie (Afghanistan): A case series study of cutaneous anthrax in Dermatology Department, Herat Regional Hospital, Herat City Afghanistan, Feb 2014 - October 2017</p> <p>Seyd Naser Emadi (Iran): Skin manifestation in HIV/AIDS in Kenya</p> <p>Seyed Ehsan Asadi (Iran): Management of acute bacterial skin and skin structure infections with a focus on patients at high risk of treatment failure.</p> <p>Shima Jahani (Iran): Circular RNAs a new biomarker for diagnosing nonmelanoma skin cancer</p> <p>Mohammadreza Ghassemi (Iran): The evaluation of GGC and CAG repeat lengths on the androgen receptor gene in Iranian men with and without androgenetic alopecia</p> <p>Sahar Dadkhahfar (Iran): Ocular findings in patients with lichenplanopilaris</p> <p>Fatemeh Rajabi (Iran): Macrophage migration inhibitory factor gene polymorphism in alopecia areata possible role in disease prevention</p> <p>Keyvan Sedaghat (Iran): Lactococcus emulsion improves the skin barrier function</p> <p>Simon Lamquin (France): A novel non-contact adipocyte-selective RF improves body contouring</p>

## Spring Continental Congress of Dermatology

25-27 April 2018, Tehran, Iran

Friday 27 April 2018

Time	Khaje Nasir Hall (A)	Molana Hall (B)	Feyz Hall (C)	Attar Hall (D)
9.00 – 11.00	<p><b>26- Botulinum toxins: Tips from the experts (Chairpersons: Katsambas, Shiri, Wiest)</b> Luitgard Wiest (Germany): Tips for the upper face Andreas Katsambas (Greece): Botulinum toxin-A: mid and lower face Mehdi Shiri (Iran): Immunogenicity to botulinum neurotoxins: long term clinical relevance in aesthetic and therapeutic injections</p> <p><b>27- War related dermatology (Chairpersons: Davoudi, Emadi, Morrone)</b> Aldo Morrone (Italy): Skin diseases in Human Mobile Population: our experience in war areas Syed Naser Emadi (Iran): Late cutaneous manifestations 30 years after wartime exposure to sulfur mustard gas: A long-term investigation Seyyed Masoud Davoudi (Iran): Skin problems of amputees Tooba Ghazanfari (Iran): Immunologic responses in sulfur mustard victims</p>	<p><b>28- Skin rejuvenation (Chairpersons: Ceric-Dehdari, Firooz, Inolaz)</b> Huseyin Serhat Inaloz (Turkey): The advantageous uses of growth factors &amp; skin stamp in cosmetology Pegah Ceric-Dehdari (UAE): Safe and natural rejuvenation of the aging face Alireza Firooz (Iran): Evaluation of the safety and efficacy of high intensity focused ultrasound (HIFU) for skin rejuvenation of face and neck: A systematic review Ishad Aggarwal (India): LOFARCUT protocol: Lower facial remodeling with combination therapy of ultrasound [high intensity focused ultrasound -HIFU] and botulinum toxin – A pilot study in Indian patients with masseter hypertrophy and facial adiposity Samad Rezaeekhiabanloo (Iran): Outcomes in thread lift of head and neck with Silhouette Soft and Proma Happy Lift double needle: Innovative and classic techniques Susanne Hermann-Fruhwald (Germany): Percutaneous collagen induction therapy as one tool for facial rejuvenation in facial plastic surgery</p>	<p><b>29- Free communications 2 (Chairpersons: Namzai, Nilforoushzadeh, Salimi)</b> Mohammad Namazi (Iran): The novel use of the extensively mobilized island pedicle flap pexed to the nasal bone periosteum for reconstruction of the medial upper cheek lower eyelid defects Elias Salimi (Iran): Delay skin flap Behzad Iranmanesh (Iran): Blunt Cannula subcision is more effective for acne scars than Nokor needle subcision Samaneh Mozafarpoor (Iran): Micropunch blepharopeeling versus blepharoplasty what is the best procedure for upper eyelid rejuvenation Biplav Agarwal (India): Maturational Hyperpigmentation [MH]: A newly recognized cutaneous marker of metabolic syndrome Rajendrakumar Singh (South Africa): Laser liposuction</p>	<p><b>30- Free communications 3 (Chairpersons: Darjani, Mashayekhi, Robati, Sobhan)</b> Ankur Sarin (India): Low dose Rituximab in treatment of pemphigus vulgaris patients Fatemeh Rajabi (Iran): Electrocardiographic changes after high dose corticosteroid pulse therapy in pemphigus patients Ashraf Kariman (Germany): Influence of Myrtus communis extracts on the keratinocytes barrier Hesham Moneer Ahmad (UAE): Future medications for moderate to severe atopic dermatitis Atula Gupta (India): Role of contact allergy in patient with chronic urticaria, detected by patch testing, correlation with serum IgE levels and quantitative therapeutic outcome of allergen-avoidance Madarkar (India): Comparative study of safety and efficacy of oral betamethasone pulse therapy and azathioprine in vitiligo</p>

<b>11.00 – 11.30</b>	<b>Break</b>			
<b>11.30 – 14.00</b>	<p><b>31- Leishmaniasis (Chairpersons: Moulton, Karbwang, Gouya)</b></p> <p>Mohammad Mehdi Gouya (Iran): Leishmaniasis in Iran</p> <p>Larry Moulton (USA): Cluster randomized trials for leishmaniasis control</p> <p>Abhay Satoskar (USA): Host directed therapies for leishmaniasis, A live attenuated vaccine for leishmaniasis,</p> <p>Farrokh Modabber (Switzerland/Iran): Overview of leishmaniasis vaccine development</p> <p>Ibrahim Khalifeh (Lebanon): Cutaneous leishmaniasis: a story to tell</p> <p>Ali Khamesipour (Iran): Efficacy of combination of topical liposomal amphotericin B and meglumine antimoniate in comparison with meglumine antimoniate alone for the treatment of anthroponotic cutaneous leishmaniasis caused by <i>Leishmania tropica</i></p> <p>Ali M. Harandi (Sweden): Molecular signatures of human vaccines in humans and animal models</p> <p>Ibrahim Khalifeh (Lebanon): Cutaneous leishmaniasis in Lebanon: Effect of Imiquimod &amp; its derivative EAPB0503</p>	<p><b>32- Disorders of hair and nail (Chairpersons: Abbasi, Doss, Heneke)</b></p> <p>Alexandre Guichard (France): Chemotherapy-induced alopecia, state of the art</p> <p>Balachandra Ankad (India): Trichoscopy of cicatricial alopecia</p> <p>Ali Abbasi (Iran): Scarring alopecia mimicking androgenetic alopecia</p> <p>Venkataram Mysore (India): Hair restoration-what works, what does not.</p> <p>Amr Rateb (Egypt): Prosthetic hair fibers: is there a role? Twenty years' experience with artificial hair insertion for the treatment of alopecia</p> <p>Eckart Haneke (Switzerland): Management of nail melanoma</p> <p>Nejib Doss (Tunisia): Onychomycoses: Clinical features and management</p> <p>Balachandra Ankad (India): Onychoscopy of inflammatory nail diseases</p>	<p><b>33- Skin and systemic diseases (Chairpersons: Kibbi, Verma, Zhang)</b></p> <p>Abdul Ghani Kibbi (Lebanon): The year in summary – challenging cases</p> <p>Pooya Khan Mohammad Beigi (Canada): Updates on acrodermatitis enteropathica</p> <p>Jianzhong Zhang (China): Cutaneous graft versus host disease: an update</p> <p>Siamak Moghadam-Kia (USA): Anti-MDA5 auto-antibody: Clinical spectrum in patients with dermatomyositis in North America</p> <p>Shyam Verma (India): Facial acanthosis nigricans and its metabolic implications in dark skinned persons</p>	<p><b>34- Free communications 4 (Chairpersons: Behrang, Ghiasi, Khodaeiani, Mohammadi)</b></p> <p>Haider Alsabak (Iraq): Treatment of resistant acral vitiligo with fractional Erbium YAG laser</p> <p>Muhsin Aldhalimi (Iraq): Treatment of alopecia areata with Er.YAG laser</p> <p>Tanja Planinšek Ručigaj (Slovenia): Results of genetic investigations of patients with primary lymphoedema in Slovenia</p> <p>Hadaf Aljunaiyeh (Iraq): An overview of prevalent female genital dermatoses in Nasiriya</p> <p>Nooshafarin Kazemi khoo (Iran): Comparison the effects of low level laser therapy and split thickness skin grafting in children with grade 2b and 3 burn ulcer: A randomized clinical trial.</p> <p>Sahar Dadkhahfar (Iran): Efficacy and safety of long pulse Nd YAG laser versus fractional Er YAG laser in the treatment of facial skin wrinkles</p> <p>Zeinab Fazel (Iran): Evaluation of normal flora of the axilla before and after using hair removal laser: A clinical trial</p> <p>Mohamad Goldust (Iran): Efficacy of oral tranexamic acid plus low power fractional CO<sub>2</sub> laser versus oral tranexamic acid plus Qswitch laser for treatment of melasma: Randomized, controlled, split face study</p>
<b>14.00 – 15.00</b>	<b>Prayer &amp; Lunch</b>
